

Unit 1: Getting Acquainted With MVA New Driver Guidelines

With Every Right Comes a Responsibility

The Student and the Driving School

1. Each student has the right to a certified competent instructor, knowledgeable about the curriculum and traffic safety issues. With that right, each student has the responsibility to arrive prepared and on time for every class without such distractions as talking or text messaging on cell phones, being disrespectful to the instructor, or talking with other students in class.
2. Each student has the right to be taught the entire 30 hours of classroom instruction in an informative, interesting, and challenging manner. With that right, each student has the responsibility to be attentive and actively participate in every class.
3. Each student has the right to experience the full 6 hours of behind-the-wheel driving instruction as required in the curriculum. With that right, each student will listen to the instructor and not drive in a negligent or dangerous manner.
4. Each student has the right to be treated in a courteous, civil, and respectful manner. With that right, each student has the responsibility to be polite and respectful to the instructors at all times and to be willing to accept positive criticism to help achieve driving success.
5. Each student has the right to attend class in a clean, safe, secure, temperature-controlled, and fully-equipped classroom that meets the local fire and building codes and MVA requirements. With that right, each student has the responsibility to respect the property of the driving school by not defacing or destroying equipment or vehicles.
6. Each student and parent/driving coach have the right to visit the driving school, see the instructor's license and certification, and observe any class session including in-car sessions, in which his/her student is included. With that right, each parent/driving coach has the responsibility to refrain from interfering with the instruction, classroom or driving, while the class is in session.
7. Each parent/driving coach and student have the right to have the driver education program, including both the 30 hours of classroom instruction and the 6 hours of required driving time, completed within 18 weeks of the first day of class if desired. With that right, each parent/driver coach has the responsibility to take an active role in his/her student's driver education by monitoring all progress, communicating with the driving school and/or instructor, and practicing with the student driver if he/she has a learner's permit.
8. Each parent/driving coach and student have the right to place a complaint with the Motor Vehicle Administration regarding problems associated with the driving school or the instructor (**The number to call is 410-424-3751**). With that right, each parent/driving coach and student have the responsibility to pay the driving school promptly for the driving education class and to alert the owner or manager of the driving school about any problems or complaints before contacting an outside agency.

I understand the rights and responsibilities of driving schools, students, and parents/driving coaches.
